Message from the Executive Director

by Casey Cook, FCCMA Executive Director

The 2016 FCCMA Annual Conference is in the books! For those that couldn't make this year's conference, the theme was "Preparing the Next Generation" and based on the feedback we've received, it was one of our best conferences yet! Please join me in thanking the conference planning committee

for all of their hard work in making the event a success.

Congratulations are in order for our new Executive Board: Michael Pleus (DeLand) completed his term as president and moved into the past president seat. Bobby Green (Auburndale) was sworn in as FCCMA's new president, Jim Hanson (Orange Park) became president-elect, and Michael Cernech (Tamarac) was elected secretary-treasurer. Congratulations also go out to our new board members: Michael Beedie (Fort Walton Beach), Charles Chapman (Hendry County), Jason Nunemaker (Fellsmere), and Jim Gleason (Mascotte). Quite an impressive group that I know will continue to provide strong leadership for the association. ([Read more](#))

A Call to Action Update: Engaging Your Summer Help

Click [here](#) to see an update from President Green on his priority, "Preparing the Next Generation." Events like the one hosted by Auburndale, Lake Alfred, and Winter Haven are a great opportunity to engage the future leaders of your community.

At this gathering there were 18 student-employees in attendance who heard from experienced managers about how fulfilling a career in public service can be. If your city or county hosts an event targeting the next generation, please send [FCCMA staff](#) the details of the event along with the attendance count.

Blueprint Chesterfield: Building a Better Community

At the TLG Conference that was held this month in St. Paul, Minnesota, Chesterfield County, Virginia, staff from did a follow-up presentation to the study they presented last year. Presenter Natalie Spillman, budget and management analyst for the county, said, "Blueprint Chesterfield is the framework that organizes longstanding county practices related to budget and strategic planning into a more coordinated and understandable system. To that end, Blueprint also serves as a communications tool to facilitate more meaningful dialogue concerning the County's strategic mission, both internally and with the community.
