Florida City and County Manager Salary and Benefits Survey
2012/2013 Webinars and Districts, Symposiums and 2013 Winter Institute

Message from Staff

Due to an unforeseen computer glitch, we were not able to start our electronic weekly newsletter on Wednesday, August 15. We have a new look and new design which will start next Wednesday, August 22.

There will no longer be a paper newsletter sent to our members that have not provided us with email addresses. If you have not been receiving weekly emails every Wednesday, then we do not have your email address. Please forward your email address to Carol Russell at crussell@flcities.com so that you will continue to receive all your FCCMA communications. All of our training and conference information will now be sent by email.

Strategies to Diversify Florida's Energy Future and Reduce Reliance on Foreign Energy Sources

Florida's regional planning councils in association with the U.S. Economic Development Administration, U.S. Department of Energy, and the Florida Energy Office are identifying strategies to diversify Florida's energy future and reduce reliance on foreign energy sources.

Less reliance on foreign energy translates into increased domestic energy production, which is an engine for job creation and economic growth.

Two surveys have been created to better understand the current energy infrastructure in Florida from both a residential and non-residential perspective. To take either survey, please go to <http://www.florida-energy.org/>. Responses are kept anonymous. The information gathered by this survey will be used to inform policy decisions pertaining to Florida's future energy needs.

Florida City and County Manager Salary and Benefits Survey

The Florida League of Cities offers online participation and reports for cities and counties that enter their respective data through the website of Human Resource Management Partners. HRMP has an agreement with the League and the Florida Public Human Resource Association, www.fppa.org, to allow access to the data to cities and counties who are members of the association. Now is a good time to plan for this data entry, so that right after **October 1, 2012**, your entity's data can be entered. The link for more information about the surveys is: <http://www.floridaleagueofcities.com/Resources.aspx?CNID=520> and the link for participation in the survey is: <http://www.surveys.us/>. For more information, contact Carol Westmoreland at cwestmoreland@flcities.com, or 850-701-3608.

FCCMA Members-in-Transition

The following FCCMA members are currently in transition. Please take a minute to show your support by either emailing or phoning the MITs in your district. A phone call or an email can go a long way to help someone who is temporarily out of work.

You can also help if you have any job opportunities or special projects available for which one of our MITs may be qualified. With the current technology, the project could even be done from the MIT’s home. FCCMA staff has many of their resumes. Please contact Carol Russell at crussell@flicities.com if you need a current resume for one of our MITs.

Also, please keep your FCCMA staff informed of any FCCMA members who may be eligible for MIT status. You can email Carol Russell at crussell@flicities.com.
