## **Executive Compensation Guidelines – ICMA's Newest Release**

*By Lynn Tipton, Executive Director*

Happy New Year to each of you! I know that many of you are ICMA members, but for the benefit of all of FCCMA's members, I want to direct you to the following link to read the newly released compensation guidelines.

[http://webapps.icma.org/newsletter/dsp\\_selected\\_editorial\\_article.cfm?publication\\_id=37&publication\\_issue\\_id=671&nf\\_id=704d909f-e7eb-4097-baee-f31a5c7c309a](http://webapps.icma.org/newsletter/dsp_selected_editorial_article.cfm?publication_id=37&publication_issue_id=671&nf_id=704d909f-e7eb-4097-baee-f31a5c7c309a)

As I discussed several times last year in this column, the Bell, California situation has placed our profession in a very challenging situation. ICMA has issued these guidelines and has tasked their Regional Vice Presidents with discussing them at the various conferences across the country (and internationally) over the next year. Lee Feldman will be at our FCCMA conference in June (our joint conference with the Alliance for Innovation) and a session will be held on this topic. There has also been a suggestion for ICMA to hold a webinar/phone discussion on this subject in April – we will let you know if this session is scheduled.

The reputation of professional public managers for cities, counties and other local governments has been given quite a black eye with several "Bell-like" situations; the future of the profession will depend upon the responses, actions and attitudes of the membership.

## **January Member Spotlight**

**Jeffrey L. Miller, City Manager, Tamarac**

*By Anita Fain Taylor, City Manager, City of Lauderdale Lakes*

Jeffrey L. Miller has served as Tamarac's City Manager since 1999. He originally came to the City in 1994 as Director of the Community Development Department. Jeff obtained his Master's degree in Urban and Regional Planning and a Bachelor of Arts degree from Syracuse University. He is a proven local government administrator, and after more than 25 years of dedicated service, he is retiring this month.

The City of Tamarac (12 square miles) is strategically located in the center of Broward County, between Miami-Dade and Palm Beach Counties in South Florida. Since its incorporation in 1963, Tamarac has prospered and grown into a full service city. The approximate population of the City is 60,000.

**You are retiring this month. What would you say was the most memorable moment of your career as City Manager?**

Completing construction of our Community Center on Commercial Boulevard. We had 500 people at our grand opening!

**What got you interested in public service?**

Robert F. Kennedy. I worked on his campaign for President when I was a college student at Syracuse University.

**What challenges are City Managers going to face over the next five (5) years?**

Doing more with less and prioritizing the services we do offer.

**What changes have you seen in the profession? What changes would you like to see?**

The tremendous influence of technology in service delivery, and the decline of financial resources. We need to do a better job of educating our citizens on the benefits of "good government."

**Has there ever been a situation that caused you to laugh until you cried?**

Yes, in Tamarac we held two elections to annex an area into our City, and the election results in both were tied. The first election was 0-0. The second election was 9-9. We eventually had to file a local bill in the legislature to complete the annexation.

**You were President of the Broward City/County Management Association for two years.**

**What did you enjoy most about that experience?**

Working closely with other City Managers and experiencing first-hand the dedication and talent they bring to their positions.

**After retiring, what will you miss the most regarding public service?**

I will miss the opportunity we are all given to improve our community. I will also miss the great staff in Tamarac, and all the other wonderful people who have chosen public service as their profession.

**What are your retirement plans?**

Our immediate plans are to travel – a cruise to Alaska is planned.

**If you chose a second career (life after City Management), what would it be?**

I might consult and/or teach.

**What advice would you give to us who are still serving as City Managers?**

Spend more time with your elected officials – especially the good ones. It's becoming very difficult to serve in elected office these days.

**How do you relax?**

I read, play golf, exercise, and listen to music.

**In Memoriam of Oscar Hetteima**

Oscar Hetteima passed away on Wednesday, November 24 at the age of 99 ½ years old. His daughter Joan Smoak, sent us a letter informing us of his death saying that he maintained a high quality of life until about the last four months of his life. Every year when Oscar signed his dues statement he would always send a note letting us know that he was still alive and how old he was.

Oscar has been a member of FCCMA since 1946 and was one of our original members. He served as President of the Association in the Program Year 1956-1957 when he was manager of Dade City.

Dick Simmons, Past President and long-time member of FCCMA shared the following: Oscar Hetteima was the oldest Past President of COMA and I think the oldest COMA member. Oscar was a fine man and was a great and dedicated president. I was a young Manager and considered him an inspiration and a mentor. He was never too busy to take time to share with another manager. When he served, FCCMA was smaller, we had no staff, and the annual dues were five dollars per year; so he paid his own expenses and did his own planning. He was a long-time manager of Dade City and moved to Winter Haven where I got to know his family, which was the most important thing in his life. We lost a pioneer, leader and a man of integrity when we lost Oscar Hetteima.

We give our condolences to his family and we will miss his notes.

**2011-2012 Board of Directors' Elections**

A letter was sent at the end of November to all full members for self-nomination for the position of Secretary-Treasurer and At-Large Director. If you are interested in filling one of those positions, please send your self-nomination to Lynn Lovallo at FCCMA, P.O. Box 1757,

Tallahassee, FL 32302 by January 24, 2011. The District Elections for the odd-numbered districts are being held in their respective districts.

District VI—March 10, 2011, SW Florida

“Financial Forecasting for Florida Local Governments: A Template for the Next Five Years” is the topic of the District VI Training on January 21 from 9:00 a.m. – 1:00 p.m. at the Ironwood Golf Course in Gainesville. Financial planning and forecasting may be the biggest challenge facing Florida local governments today. Even the most adept administrator is struggling with how best to prepare his/her agency for the future. Ken Olson, Budget Officer, City of Jacksonville; and Paul Wunderlich, Director of Finance and Accounting for the Orange County Comptroller’s Office, will identify the key numbers in a CAFR that you must be considering and offer a template on what each city should be doing during these challenging times to successfully prepare a financial plan over the next five years.

This training is also being held in Tampa on February 18 from 9:00 a.m. - 1:00 p.m. at the Hillsborough County Children’s Services Center. The speakers are Kim Adams, Director of Finance, Largo; and Dennis Rogero, Budget Officer, Tampa.

For information on all the district trainings, email Carol Russell at [crussell@flcities.com](mailto:crussell@flcities.com).

## **Free Webinar**

We at the IRS know municipalities want to do the right thing. In fact, our studies show the errors municipalities make in filing taxes aren't normally based on fraud or intentional noncompliance, but on lack of knowledge.

So ask yourself: Do the members of the Florida City and County Management Association know why some municipalities pay social security and others do not? Why some government workers pay into social security, others pay into a state retirement system and others pay into both systems at the same time? Why some government workers pay Medicare and not social security tax?

The IRS office of Federal State and Local Governments (FSLG) wants to give them those answers! You and your members are invited join our **FREE WEBINAR** about “218 agreements” on January 27<sup>th</sup>. These agreements are voluntary arrangements between governmental entities and the Social Security Administration to provide social security and Medicare coverage for groups of employees in addition to—or *in place of*—coverage by a public retirement system.

Among the topics that will be discussed are the legislative history of section 218, coverage rules, tax compliance issues, and modifications to agreements. The webinar will also include an introduction to a new FSLG Self-Assessment Compliance tool designed for use by government entities. Enrolled agents may receive Continuing Professional Education credit for participation. For more information, and to register on-line, click [here](#) or go to <http://www.visualwebcaster.com/IRS/74074/reg.asp?id=74074>

You can also find answer to many questions about how tax laws affect government entities by visiting the FSLG website at [www.irs.gov/govt/fslg/](http://www.irs.gov/govt/fslg/)
